

Rate Schedule X-96 since 1983, and there are no outstanding imbalances.

Any person desiring to be heard or to make any protest with reference to said application should on or before May 22, 1995, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Columbia or National Fuel to appear or be represented at the hearing.

### **Central Power and Light Company; Notice of Filing**

[Docket No. ER95-932-000]

May 1, 1995.

Take notice that on April 21, 1995, Central Power and Light Company (CPL) submitted a Service Agreement, dated May 1, 1995, establishing Texas-New Mexico Power Company (TNP) as a customer under the terms of CPL's Coordination Sales Tariff CST-1 (CST-1 Tariff).

CPL requests an effective date of May 1, 1995, and, accordingly, seeks waiver

of the Commission's notice requirements. Copies of this filing were served upon TNP and the Public Utility Commission of Texas.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions or protests should be filed on or before May 15, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

### **Arkansas Western Gas Company; Notice of Informal Settlement Conference**

May 1, 1995.

Take notice that an informal settlement conference in the above-captioned proceeding will be held on Tuesday, May 16, 1995 at 2:00 p.m. in a room to be designated at the offices of the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426.

Attendance will be limited to the parties and participants, as defined by 18 CFR 385.102(b) and (c). Persons wishing to become a party must move to intervene and receive intervenor status pursuant to § 385.214 of the Commission's regulations.

For additional information, please contact Mark E. Hegerle at (202) 208-0287.

### **Alabama-Tennessee Natural Gas Company; Notice of Proposed Change in FERC Gas Tariff**

May 1, 1995.

Take notice that on April 27, 1995, Alabama-Tennessee Natural Gas

Company (Alabama-Tennessee) tendered for filing to become part of its FERC Gas Tariff, Second Revised Volume No. 1, the following revised tariff sheets:

Second Sub. Fifth Revised Sheet No. 4  
First Sub. Seventh Revised Sheet No. 4  
First Sub. Eighth Revised Sheet No. 4

Alabama-Tennessee proposes that these tariff sheets be made effective September 1, 1994, October 1, 1994 and March 1, 1995, respectively. According to Alabama-Tennessee, the purpose of this filing is to make certain corrections to the filing that it made in this Docket on April 4, 1995.

Alabama-Tennessee requests that the Commission grant such waivers as may be required to accept and approve its filing as submitted.

Alabama-Tennessee states that copies of its filing were served upon the Company's jurisdictional customers and interested public bodies as well as all the parties shown on the Commission's official service list established in this proceeding.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, DC 20426, in accordance with Rule 211 of the Commission's Rules of Practice and Procedure (18 CFR 385.211). All such protests should be filed on or before May 8, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection.

BILLING CODE 6717-01-M

[Docket No. CP95-320-000]

**Tennessee Gas Pipeline Company;  
Notice of Intent to Prepare an  
Environmental Assessment for the  
Proposed Bayou D'Arbonne Crossing  
Project and Request for Comments on  
Environmental Issues**

May 1, 1995.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental assessment (EA) that will discuss the environmental impacts of the construction and operation of the facilities proposed in the Bayou D'Arbonne Crossing Project.<sup>1</sup> This EA will be used by the Commission in its decision-making process to determine whether an environmental impact statement is necessary and whether to approve the project.

**Summary of the Proposed Project**

Tennessee Gas Pipeline Company (Tennessee) wants to replace about 3,700 feet of 16-inch and 24-inch-diameter pipeline with about 1,800 feet of 24-inch-diameter pipeline in Ouachita Parish, Louisiana. The replacement would be done by directionally drilling the Bayou D'Arbonne. Tennessee requests Commission authorization, in Docket No. CP95-320-000, to construct and operate the following facilities needed to continue service:

- Abandon in place 1,608 feet of three 16-inch-diameter pipelines beneath the Bayou D'Arbonne;

- Abandon by removal 2,088 feet of the remaining on-bank tie-in facilities including two 24-inch-diameter headers; and
- Construct 1,800 feet of 24-inch-diameter replacement pipeline by directionally drilling the Bayou D'Arbonne 100 feet south of the existing pipelines.

The general location of the project facilities is shown in appendix 1.<sup>2</sup>

**Land Requirements for Construction**

Construction of the proposed facilities would require about 7.2 acres of land. Following construction, about 0.6 acre of land would be maintained as permanent right-of-way. The remaining 6.6 acres of land would be restored and allowed to revert to its former use.

**The EA Process**

The National Environmental Policy Act (NEPA) requires the Commission to take into account the environmental impacts that could result from an action whenever it considers the issuance of a Certificate of Public Convenience and Necessity. NEPA also requires us to discover and address concerns the public may have about proposals. We call this "scoping". The main goal of the scoping process is to focus the analysis in the EA on the important environmental issues. By this Notice of Intent, the Commission requests public comments on the scope of the issues it will address in the EA. All comments received are considered during the preparation of the EA. State and local government representatives are encouraged to notify their constituents of this proposed action and encourage them to comment on their areas of concern.

The EA will discuss impacts that could occur as a result of the construction and operation of the proposed project under these general headings:

- Geology and soils
- Water resources, fisheries, and wetlands
- Vegetation and wildlife
- Public safety
- Land use
- Cultural resources
- Endangered and threatened species

We will also evaluate possible alternatives to the proposed project, and make recommendations on how to

lessen or avoid impacts on the various resource areas.

Our independent analysis of the issues will be in the EA. Depending on the comments received during the scoping process, the EA may be published and mailed to Federal, state, and local agencies, public interest groups, interested individuals, affected landowners, newspapers, libraries, and the Commission's official service list for this proceeding. A comment period will be allotted for review if the EA is published. We will consider all comments on the EA before we recommend that the Commission approve or not approve the project.

**Currently Identified Environmental Issue**

One issue that has arisen based on a preliminary review of the proposed facilities and the environmental information provided by Tennessee concerns crossing the Bayou D'Arbonne which is in the National Wild and Scenic Rivers System. In the unlikely event that the directional drill fails, impact on the Bayou D'Arbonne could be significant.

**Public Participation**

You can make a difference by sending a letter addressing your specific comments or concerns about the project. You should focus on the potential environmental effects of the proposal, alternatives to the proposal (including alternative routes), and measures to avoid or lessen environmental impact. The more specific your comments, the more useful they will be. Please follow the instructions below to ensure that your comments are received and properly recorded:

- Address your letter to: Lois Cashell, Secretary, Federal Energy Regulatory Commission, 825 North Capitol St., N.E., Washington, D.C. 20426;
- Reference Docket No. CP95-320-000;
- Send a copy of your letter to: Mrs. Dawn Neumann, EA Project Manager, Federal Energy Regulatory Commission, 825 North Capitol St., N.E., Room 7312, Washington, D.C. 20426; and
- Mail your comments so that they will be received in Washington, D.C. on or before June 7, 1995.

If you wish to receive a copy of the EA, you should request one from Mrs. Neumann at the above address.

**Becoming an Intervenor**

In addition to involvement in the EA scoping process, you may want to become an official party to the proceeding or become an "intervenor". Among other things, intervenors have

<sup>1</sup> Tennessee Gas Pipeline Company's application was filed with the Commission under Section 7 of the Natural Gas Act and Part 157 of the Commission's regulations.

<sup>2</sup> The appendices referenced in this notice are not being printed in the **Federal Register**. Copies are available from the Commission's Public Reference and Files Maintenance Branch, Room 3104, 941 North Capitol Street, N.E., Washington, D.C. 20426, or call (202) 208-1371. Copies of the appendices were sent to all those receiving this notice in the mail.
